JAWS Web Navigation Tips

• Use JAWS Quick Navigation Keys to navigate elements, such as links, headings, and buttons.

• Use the Smart Glance feature to locate information that visually stands out.

• Access a list of elements on a page, such as form fields, combo boxes, and buttons.
Search for a Product

1. Search by keyword or category.

2. Filter and navigate results.

3. Navigate to a results page.
Locate Product Details

1. Use JAWS Quick Navigation Keys to navigate the product page.

2. Select options such as color or size using checkboxes or other form elements.

3. Use JAWS Quick Navigation keys to locate the Add to Cart button, then press ENTER.
Manage the Cart

1. Navigate the cart using JAWS Quick Navigation keys and reading commands.
2. Adjust the quantity or remove items using the keyboard.
3. Use JAWS Quick Navigation keys to navigate form fields and enter information during the checkout process.
