Jupiter

Portable Magnifier

Jupiter™

The Jupiter Portable Magnifier is a sleek and compact device that helps users of all ages who are visually impaired see the world in high definition.

[Jupiter](#) is very easy to use. Whether it's in the classroom, workplace or at home, this powerful magnifier allows you to continue those activities that bring joy to everyday life, while exploring new opportunities for lifelong education.

Features & Benefits

- Three camera modes:
 - **Reading:** excellent for reading a book, prescription bottle labels, completing a homework assignment, etc.
 - **Distance-view:** magnifies up to 150x and is great for viewing a presentation, guest speaker, instructor, etc., at the front of a classroom/venue
 - **Self-view:** serves just like an HD mirror, and is perfect for applying make-up and other grooming activities
- LED screen with adjustable light brightness
- 35 color contrasting modes to select according to your viewing preference and comfort
- Jupiter's durable and portable design allows you to take this easy-to-use magnifier on the go

Includes

- Jupiter Portable Magnifier
- Power adapter
- Carrying pouch
- User Manual (large print)
