I-M-ABLE KIT

# I-M-ABLE KIT

**I-M-ABLE (Individualized Meaning-Centered Approach to Braille Literacy Education) is an innovative and individualized teaching method for children who have difficulties learning braille.**

Children who are struggling with the beginning stages of learning letters and sounds, or who have additional disabilities, may make more progress with the I-M-ABLE approach than traditional approaches.

The I-M-ABLE approach builds success into each lesson, so students feel they are learning and making progress and get rewarded for their efforts, which further engages them in the learning experience.

## **INCLUDES**

- “Instructions for Teachers”
- The book *I-M-ABLE*, written by Dr. Diane P. Wormsley
- Video links and handouts of an I-M-ABLE workshop for teachers
- Four vacuum-formed trays for playing games with the word cards
- APH Word PlayHouse– This popular product from APH assists with the development of phonics skills and its use is described extensively in the I-M-ABLE book.
- APH Sorting trays
- Histogram board with stickers
- Large print/braille meter tape with 0.5- and 1-cm gradations

Vacuum-formed trays pictured at left.
