Get to know the United States and our northern neighbor better!

The *U.S. & Canada Tactile/Print Atlas* is a reference volume of thematic maps for use in geography, history, or social studies classes in middle grades or higher, or for general informational use outside the classroom.

Each page spread has a combined braille and print key paired with a print map in contrasting colors and a clear tactile overlay. The maps are held in a three-ring binder, so pages can easily be removed as needed. The page size is 11.5 x 11 inches, with some larger maps presented as foldouts.
